Patterns in Nature

(PRINT- 3 image panel) (EP_Round 6)

Judge: Brian Gromett

Patterns in nature are visible regularities of form found in the natural world. These patterns recur in different contexts and can sometimes be modelled mathematically. Natural patterns include symmetries, trees, spirals, meanders, waves, foams, tessellations, cracks and stripes.

Here is your opportunity to produce a panel of 3 images reflecting the wonder of nature

One doesn't stop seeing. One doesn't stop framing. It doesn't turn off and turn on. It's on all the time. - Annie Leibovitz

PRINT COMPETITION

- The maximum number of entries per member is 2 panel of 3 images. One colour and one mono.
- Images should be mounted on mounts **no bigger than** 500 x 400mm (or 20" x 16")
- Members must provide a title for their entries and put their membership numbers on the back. Failure to do so may result in disqualification.
- A digital copy of all entries should be provided, in JPEG format, to the Competition Secretary prior to the start of the competition.
